WE ARE RUNNING TO EMPOWER STUDENTS, AND TO CREATE A STUDENT GOVERNMENT THAT SOLVES STUDENT ISSUES WITH STUDENT SOLUTIONS.

TWO FREE HOCKEY TICKETS

Repeal 'Executive' Scholarships and Senator Hockey Tickets

Senators and Executives are given too many perks which don't equate with merit. When President, I will take away the 'free' hockey tickets all Senators receive from your student activity fee, and I will repeal the selfish Executive Branch grant instituted in 2010. **This totals over \$6,500!**

Spend the money on two free hockey tickets for students!

Instead of giving Senators and Executives 'free' season tickets and grants I will use the money to buy two free hockey tickets for students to our most important games. **Free hockey tickets will foster spirit!**

Bring back \$5 hockey tickets!

THE PEOPLE'S PLATFORM

JORDAN LOYD

"I'd like to see school spirit changed. I think that one of the most powerful aspects a college can have is spirit in students. I think that by having more spirit events before games, spirit rallies, it will help the spirit side of school."

AMANDA SEXAUER

"Make faculty support better by making it easier to get to know professors and other students by having more events where both students and professors are present".

"Cultural boundaries should be

The providence of history has shown that unless we speak up, unless we fight to make ourselves heard, we will be ignored. It's time the Pioneers had a stronger voice. For if we stand together united, we will never be defeated.

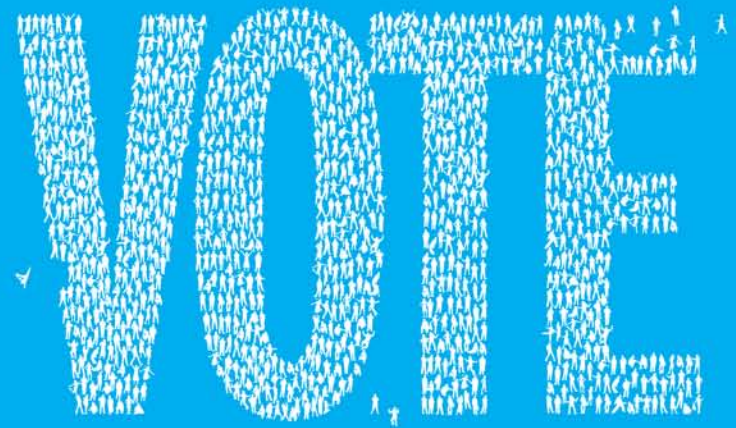

Make yourself heard by renewing your commitment to our Pioneering spirit. With courage we will stand together and we will be heard.

TAY DUNKLEE

"One thing that really bothers me about DU is that tuition can increase (a lot!) every year, yet scholarship packages remain capped. Incoming students receive scholarships worth more and more every year to adjust to rising tuition, yet those of us who have been at DU for several years seem to get the short end of the stick....I don't like this AT ALL."

KATE ROBERTS

"I think student involvement needs to improve. I feel like I run into the same people within different groups on campus, and there are like 6,000 students that go to this school."

FIX THE SAFERIDE

Make the DU Shuttle easier to use and navigate

The Saferide is broken and it's time we made the shuttle work for students. Dillon has already stood up and created a new map for the shuttle.

We need to create a mobile website that uses GPS to track the rides. We need to re-evaluate the route and make sure that the vans are accessible. **We need to work together to fix the saferide.**

TAKE ACTION TODAY

Students are relegated to alleys, expense, and subjugation at the hands of the Ritchie Center. Students should be allowed to purchase \$5 hockey tickets, no matter the day of the week. Voice your concerns and make sure the Ritchie Center knows we want change. Let's work together to inject even more spirit into Pioneer athletics. Together, we can put the rally into "rally alley". Help me paint the Ritchie Center crimson and gold.

PIONEERING A GREENER FUTURE

Solar panels on the Driscoll Bridge

Your money is going to waste. Throughout the year, Dillon has worked to build a proposal for solar panels on the Driscoll Building. **Now, it's time to bring solar panels to the student union.** The proposal will divert \$10,000 from the offsets program over 6 years to pay for the solar panels.

Free Nalgene to incoming Freshman

To encourage spirit and a sustainable life, incoming Freshman will be given a **free Crimson and Gold Nalgene.**
